

YEARS OF SERVICE

San Luis Valley Health will be honoring employees at the annual Years of Service Ceremonies to recognize SLV Health employees reaching their 5, 10, 15, 20, 25, 30, and 35-year service milestones. The engagement and excitement from employees is always heartening and it once again provides the opportunity to recognize valuable work, while also thanking employees for their dedication and service to San Luis Valley Health and our San Luis Valley community.

Employees with 5 years of service are being honored in their department meetings this year, celebrating with their co-workers, managers, and directors. A reception on the evening of August 28th will be held at Adams State University with dinner and awards ceremony to celebrate those achieving 10+ years. Altogether, we are honoring 81 employees and 885 years of service!

Thank you to everyone honored this year for your longevity and dedication to making SLV Health’s mission possible. “To be a Premier, Fully Integrated Rural Health Care System Providing Exceptional, Patient-Centered Services to the San Luis Valley”.

35 Years	Brenda Marchildon	Emergency	10 Years	Becky Daniels	Physician Services
